

Customer information concerning REACH regulation -Regulation (EC) No 1907/2006 of 18 December 2006-

The regulation (EC) No 1907/2006 (REACH) of the European Parliament and Council of 18 December 2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) entered into force on 1st of June 2007.

Albrecht Jung GmbH & Co. KG develops, manufactures and sells electrical and electronic products whose components are classified as independent articles within the meaning of the REACH regulation.

Albrecht Jung is under Article 33 (1) of the REACH Regulation obliged to inform customers if the supplied products or articles contain substances of the "SVHC Candidate List" in a concentration greater than 0.1% per weight.

The SVHC candidate list is regularly updated by the European Chemicals Agency (ECHA) and published on <https://echa.europa.eu/en/candidate-list-table>.

Our products or its components may contain the following substances of the current SVHC candidate list in a concentration of more than 0.1% per weight:

Substance	CAS / EC no.	List	Date of listing	Used in articles by Albrecht JUNG
Lead	CAS: 7439-92-1 EC: 231-100-4	SVHC	27 June 2018	Mechanical components made of machines steel, aluminium and brass alloys

The use of the SVHC substance lead complies with the applicable regulatory provisions.

There is no risk for health or environment during intended use since excluding any release of SVHC substance lead.

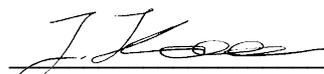

We regularly monitor and assess changes in the SVHC candidate list and keep close contact with our suppliers to ensure that also in future information about potential SVHC substances in our products above 0.1 percent will be available.

We are happy to answer your questions about SVHC substances in specific products of Albrecht Jung GmbH & Co. KG at mail.info@jung.de.
