

Product End-of-Life Instructions

Product Range: *EGX/ETG Family of Ethernet gateways*

Marketing Model/Name: (List of multiple models if applicable)

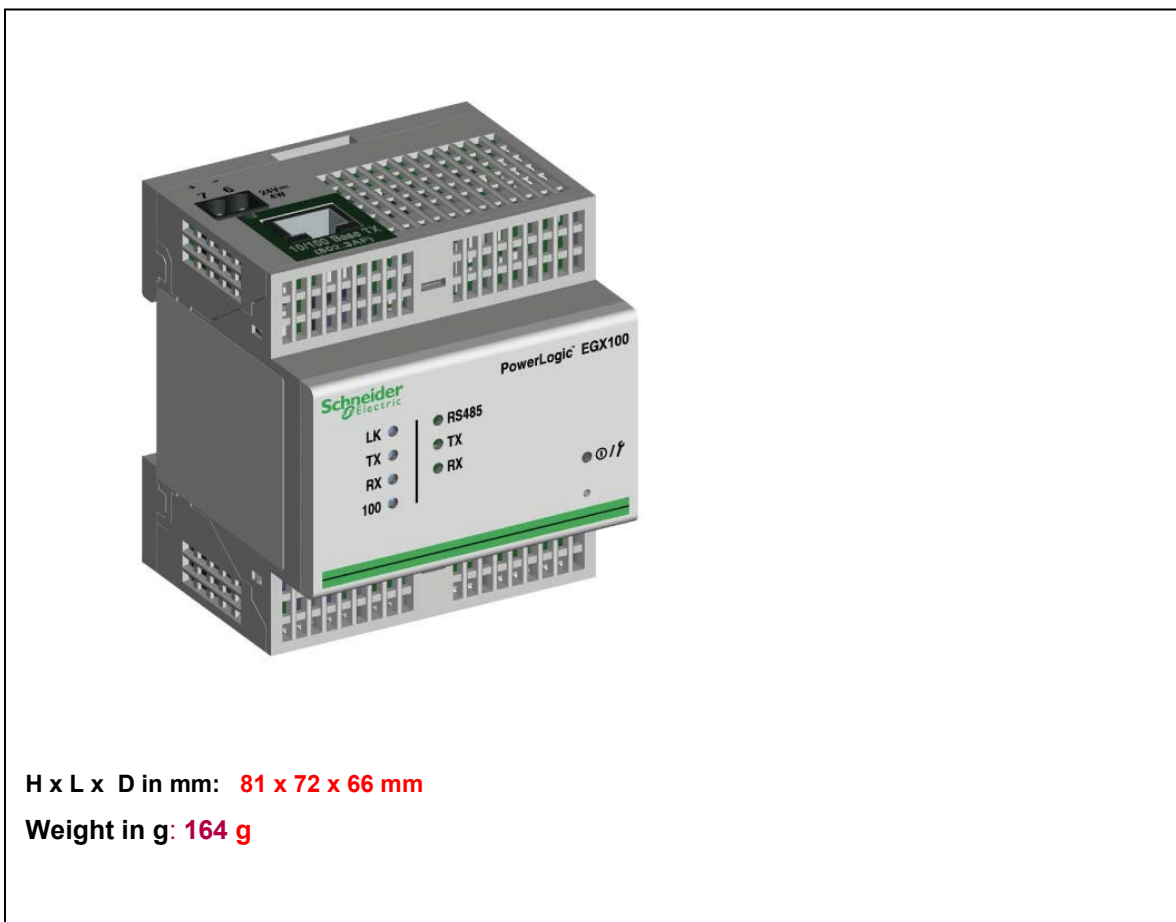

EGX100SD, EGX100MG, TSXETG100, 59653, EGX300, EGX300MG, 59655

Purpose:

The product family must be disposed of according to the legislation of the country. This document is intended for use by end-of-life recyclers or treatment facilities. It provides the basic information to assure an appropriate end-of-life treatment for the components and materials of the product.

Note :

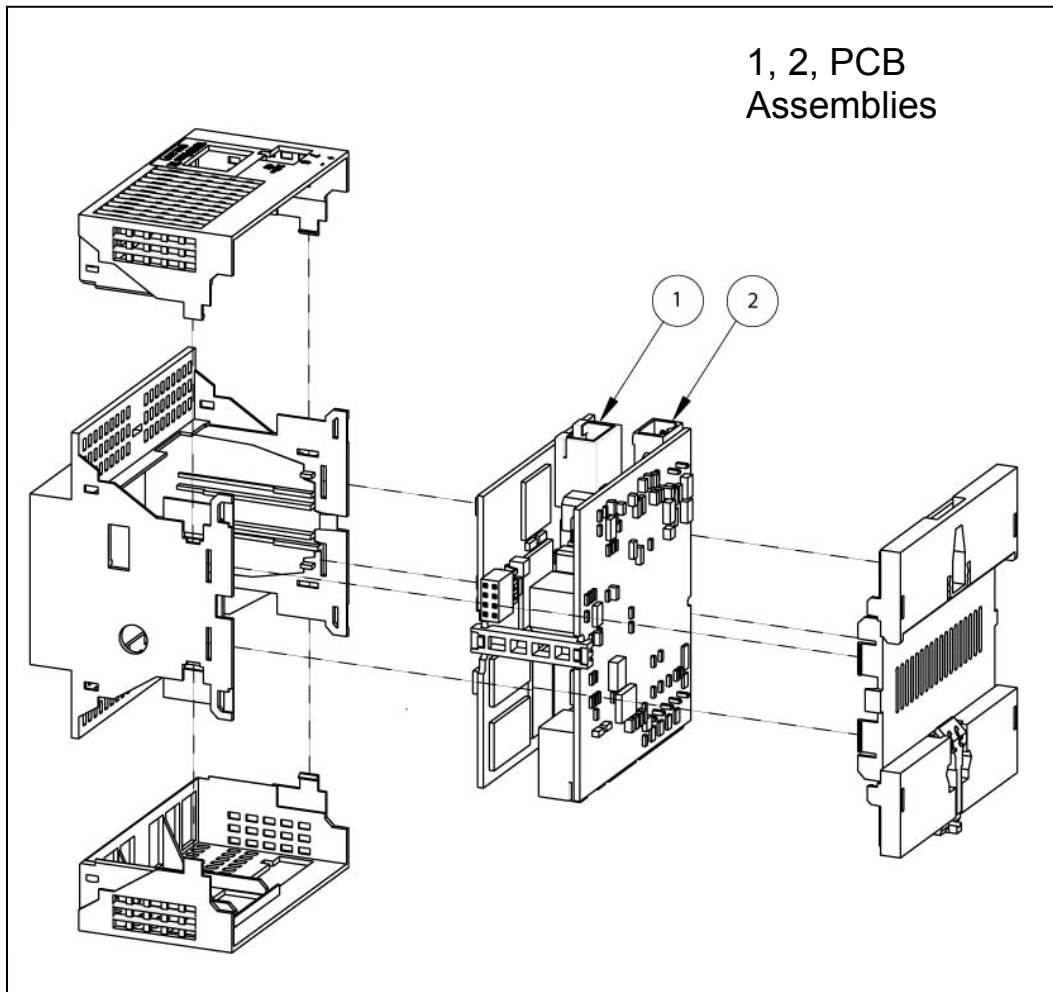

This product family is not in the scope of EU directive 2002/96/EC, Waste Electrical and Electronic Equipment (WEEE).

Operations recommended for the end of life treatment

There are several steps to process the products at the end of life so as to recover components, materials or energy :
Reuse → Depollution → Dismantling → Shredding.

The components of the products that optimize the recycling performances are listed, identified and located hereunder.

Number on drawing	Components	Comment
Components listed for depollution		
1	Power Supply PCB Assembly	51 g
2	Digital PCB Assembly	33 g
