Inner door, for HxW=400x400mm

Part no. DI-4040-CS

138665

EL Number 2466217

(Norway)

General specifications Eaton xEffect CS inner door Product name D140H0-CS EAN 4015081354450 Product Length/Depth 25 millimetre Product weight 25 millimetre Product weight 35 kilogram Compliances 8618 Sconform Product Tradename xeffect CS Product Type Accessories Product Sub Type Inner door Delivery program Accessory CS Model Inner door Accessory/spare part type Ooors for internal partitions Color Gray Technical Data - Mechanical With powder coating Powder	(1101111)	
Part no. DI-404-CS EAN 401508135450 Product Length/Depth 25 millimetre Product height 25 millimetre Product width 25 millimetre Product width 25 millimetre Product weight 35 kilogram Compliances RoHS conform Product Tradename xElfect CS Product Type Accessories Product Sub Type Inner door Delivery program Type Accessory CS Accessory CS Accessory fixthroir fitting Model Inner door Accessory spare part type Doors for internal partitions Color Gray Technical Data - Mechanical Surface finishing With powder coating Powder coat	General specifications

Product Sub Type Delivery program Type Accessory CS Accessory interior fitting Model Accessory/spare part type Doors for internal partitions Color Technical Data - Mechanical Surface finishing With powder coating Powder coating RAL 7035, light gray Material Steel plate Steel Degree of protection P30 Other Additional information Functions Special features Degrh adjustment elements for mounting plates required in addition Enclosure width = 400 mm Accessory CS Acce	Product Tradename	xEffect CS
Type Accessory CS Accessory interior fitting Model Inner door Accessory/spare part type Doors for internal partitions Color Gray Technical Data - Mechanical Surface finishing With powder coating Powder coating Powder coating RAL 7035, light gray Material Steel Degree of protection IP30 Other Additional information Functions Internal door for operator control and display elements Special features Depth adjustment elements for mounting plates required in addition Used with Enclosure height = 400 mm Enclosure width	Product Type	Accessories
Type Accessory CS Accessory interior fitting Model Inner door Accessory/spare part type Doors for internal partitions Color Gray Technical Data - Mechanical Surface finishing With powder coating Powder coating RAL 7035, light gray Material Steel plate Steel Degree of protection IP30 Other Additional information Functions Internal door for operator control and display elements Special features Depth adjustment elements for mounting plates required in addition Used with Enclosure height = 400 mm Enclosure height = 400 mm Enclosure width = 400 mm Enclosure width = 400 mm Enclosure width = 400 mm Accessory CS	Product Sub Type	Inner door
Accessory interior fitting Model Accessory/spare part type Doors for internal partitions Color Technical Data - Mechanical Surface finishing With powder coating Powder coating RAL 7035, light gray Material Steel plate Steel Degree of protection IP30 Other Additional information Functions Special features Degth adjustment elements for mounting plates required in addition Used with Enclosure height = 400 mm Enclosure width = 400 mm Enclosure width = 400 mm Accessory interior fitting Internal door Internal door Enclosure width = 400 mm Enclosure width = 400 mm Accessory CS	Delivery program	
Accessory/spare part type Color Gray Technical Data - Mechanical Surface finishing With powder coating Powder coating RAL 7035, light gray Material Steel plate Steel Degree of protection IP30 Other Additional information Functions Special features Used with Enclosure height = 400 mm Enclosure width = 400 mm Accessory (SS	Туре	
Color Technical Data - Mechanical Surface finishing With powder coating Powder coating RAL 7035, light gray Material Steel plate Steel Degree of protection IP30 Other Additional information Functions Special features Depth adjustment elements for mounting plates required in addition Enclosure height = 400 mm Enclosure width = 400 mm Enclosure width = 400 mm Accessory CS	Model	Inner door
Technical Data - Mechanical Surface finishing With powder coating Powder coating RAL 7035, light gray Material Steel plate Steel Degree of protection IP30 Other Additional information Functions Special features Used with Degree of protection Internal door for operator control and display elements Depth adjustment elements for mounting plates required in addition Enclosure height = 400 mm Enclosure width = 400 mm Accessory CS	Accessory/spare part type	Doors for internal partitions
Surface finishing With powder coating Powder coating RAL 7035, light gray Steel plate Steel Degree of protection IP30 Other Additional information Functions Internal door for operator control and display elements Special features Depth adjustment elements for mounting plates required in addition Enclosure height = 400 mm Enclosure width = 400 mm Accessory CS	Color	Gray
Powder coating RAL 7035, light gray Steel plate Steel Degree of protection IP30 Other Additional information Functions Special features Depth adjustment elements for mounting plates required in addition Used with Enclosure height = 400 mm Enclosure width = 400 mm Accessory CS	Technical Data - Mechanical	
Degree of protection IP30 Other Additional information Functions Special features Depth adjustment elements for mounting plates required in addition Used with Enclosure height = 400 mm Enclosure width = 400 mm Accessory CS	Surface finishing	Powder coating Powder
Additional information Functions Special features Used with Other Internal door for operator control and display elements Depth adjustment elements for mounting plates required in addition Enclosure height = 400 mm Enclosure width = 400 mm Accessory CS	Material	
Functions Internal door for operator control and display elements Depth adjustment elements for mounting plates required in addition Used with Enclosure height = 400 mm Enclosure width = 400 mm Accessory CS	Degree of protection	
Special features Depth adjustment elements for mounting plates required in addition Used with Enclosure height = 400 mm Enclosure width = 400 mm Accessory CS	Additional information	
Used with Enclosure height = 400 mm Enclosure width = 400 mm Accessory CS	Functions	Internal door for operator control and display elements
Enclosure width = 400 mm Accessory CS	Special features	Depth adjustment elements for mounting plates required in addition
	Used with	Enclosure width = 400 mm Accessory CS
